

A+ Archer News

Weekly News August 8th

Dear Archers and Parents,

We are going on our third week and we are loving it! Your kids are amazing; we love having them in our school. Today, we started with the identification card requirement for the safety of our students. Thank you for your collaboration on this; the great majority of our students had their ID's on them.

At the bottom of this newsletter, you will find 2 QR Codes to scan that would initiate our outreach and opportunities for parents and community members to extend and enhance the experience and overall development of our Archers. One code is ArcherTV on YouTube and we ask that you subscribe channel so that we can reach our goal of 1,000 subscribers so we can transition to live streaming of our morning student-led news program to inform our community of Archer accomplishments, A+ Charter news and calendar of events. Secondly, we wish to welcome individuals and groups from the community who would like to volunteer, assist in programming, and offer their diverse backgrounds and experiences for the benefit of our students and staff. The other QR is a brief survey for your interest areas and if you wish to receive additional information on ways to assist our school community.

Sincerely,
Rachele Reese
Principal
