

A+ Archer News

Weekly News January 2nd

Dear Archers and Parents,

Happy 2023 Year!! We hope you all had a great break! As a reminder, re-enrollment has started for the next school year. It is very important that you re-enroll your child at this time to secure your spot before we open enrollment for everyone else on January 23rd. Check your email for information sent out over break.

Schedule Changes

There may be changes to your child's schedule beginning spring semester. This is a normal occurrence and will not affect high school credit requirements. Schedule change requests will be available at the end of our first week back. Final decisions of these requests are at the discretion of school administration.

Sports games/school events

The JV, Varsity and Wrestling season is well under way and are doing a good job. We love the support we have from our students, parents and community. Please keep in mind when you attend the events they are treated as a school function so we need to show our school pride and be the best role models for our guests. There is a charge to get into home games, on occasion we may have a free game. Please come to the gym prepared to pay the fee of \$5 per adult and \$2 per student. The funds help support our athletic program grow.

Sincerely,
Rachele Reese
Principal
